FROM THE DESK OF HEAD OF DEPARTMENT

It is a pleasure to head the department of Computer Engineering Branch. Computers have become an inherent part of our routine life. No department or business can be thought of being fully functional and automated without the use of computers.

Computer engineering helps students widen their creative horizon and provide solutions to the problems people haven't thought about yet.

Our department provides a platform for the students to enhance their employability skill which helps us in achieving our objective of preparing students for a successful career.

Vision of the Dept

To become a centre of excellence and generate competent professionals in the field of computer engineering for the betterment of the nation and society at large.

PEOs

PEO1: Pursue higher education in engineering to enhance knowledge and skills gained in diploma.

PEO2: Develop career as professional in software industry, networking, database administration etc.

PEO3: Develop innovative and entrepreneurial attitude in order to start an enterprise.

Mission of the Dept

M1:To inculcate into students practical skills.

M2:To facilitate students with suitable environment to develop their logical and analytical skills

M3:To make available modern technology and related tools for hands-on experience.

M4:To inculcate interpersonal skills and ethical values into the students so that they can become successful professionals.

PSOs

PSO1: Able to develop computer software such as web applications and desktop applications using appropriate tools.
